YOUTH  
LEADERSHIP

[HOBY.org](http://HOBY.org)

At HOBY, high school sophomores build their leadership potential through an inspiring three or four-day Leadership Seminar based on three leadership perspectives: Personal, Group, and Societal. As many as 300 “Ambassadors” from high schools across each state gather at their local HOBY State Leadership Seminar in May and June and leave challenged to serve their communities through HOBY’s Leadership for Service program. Ambassadors get to:

**Participate in 3-4 days of fun interactive leadership training,  
meet state and community leaders,  
and make new friends**

**Experience life on a university campus**

**Learn about themselves and how to be  
an impactful leader**

**Discover how their leadership can lead to social change**

**Gain new skills and inspiration to lead change**

HOBY accepts registration nominations from community members and organizations seeking the HOBY experience for their youth. Our leadership programs are designed to prepare students to turn their ideas and goals into reality. Such an experience is an excellent option for any young person with leadership potential.
